About Me

I recently completed my Diploma in Computer Science and 12 months of work experience across two internships. I enjoy building websites and working with databases. I am still learning and growing as a developer, and I am looking for a junior role where I can continue to improve. I work well in a team, I follow instructions, and I am available immediately.

Education

Diploma in Computer Science

Tshwane University of Technology | 2022 to 2026 | Completed July 2026

* Web Computing: 83% | Distinction

* Advanced Object- Oriented Programming: 74%

* Software Engineering Fundamentals: 71%

National Senior Certificate, Grade 12

Semendhe Secondary School | 2020

Work Experience

Full Stack Developer Intern

B&T Skills Development Trainings | February 2026 to July 2026 | Pretoria North

* Built web pages and web applications using PHP, JavaScript, HTML, and CSS.

* Connected websites to MySQL databases and wrote basic SQL queries.

* Wrote documentation and followed a structured work process.

Software Developer Intern

Thaboera IT Solutions | August 2025 to January 2026 | Midrand

* Helped build websites and web applications for real clients.

* Worked on both the front end and the back end of projects.

* Set up and managed live websites on a hosting platform | domains, SSL, and databases.

* Tested software and fixed bugs before releasing to users.

* Worked in an Agile team with daily standups and code reviews.

Skills

Languages I have used:

PHP | Java | JavaScript | SQL | HTML5 | CSS3

Tools:

MySQL | Git | GitHub | Bootstrap | Linux | XAMPP | Microsoft Office 365

Other:

Basic database design | Software testing | Technical documentation | Agile teamwork

Projects

publicPulse_ai

A web system for tracking public complaints. Has a dashboard showing graphs and maps. Built with PHP and MySQL.

github.com/MhlengweLibertyLees/publicPulse_ai

OPFA Case Management Database

A database I designed for a pension fund. Has user access control, audit trails, and deadline tracking.

github.com/MhlengweLibertyLees/OPFA- Case- Management- System- DB

Personal Expense Tracker

A Java web app that tracks personal spending and creates PDF reports. Deployed on GlassFish server.

github.com/MhlengweLibertyLees/Personal- Expense- Tracker

Certifications

* Career Skills in Software Development | CompTIA / LinkedIn Learning (2025)

* Introduction to Networking | NVIDIA / Coursera (2023)

* Cybersecurity for Everyone | University of Maryland / Coursera (2023)

* AWS Cloud Foundations | Amazon Web Services (In Progress)

Personal Details

Nationality: South African
Languages: English (Fluent) | Xitsonga | Sepedi | isiZulu
Location: Ivory Park, Midrand, Gauteng
Availability: Available immediately
