Profile

I finished a Diploma in Computer Science at Tshwane University of Technology in 2026. I have about 14 months of work experience from three internships: my current one at UtopiaNex (2 months so far) and two earlier ones (12 months in total). I build and fix web applications with PHP, JavaScript, Java and MySQL. I am looking for an internship, graduate programme or entry-level developer role in Java, PHP or web development.

Work Experience

2026 Sep - Present

UtopiaNex Technologies
Software Developer Intern
- Write, test and maintain code for company software projects
- Fix bugs and broken links in the existing system
- Commit and push changes to GitHub using Git in PowerShell
- Deploy changes to cPanel on Afrihost and check the project runs well

2026 Feb - 2026 Jul

B&T Skills Development Trainings (Pty) Ltd
Full Stack Developer Intern
- Built web pages and web applications using PHP, JavaScript, HTML and CSS
- Connected websites to MySQL databases and wrote SQL queries
